

# EEGUCHI CONSTRUCTIONS

---

Eeguchi Constructions was formed with a mission to provide quality construction at reasonable cost. Our Goal is to complete the project in the defined time and cost.

## Services

Our in-depth understanding of the construction industry, combined with labour management expertise, has enabled us to successfully render Civil Construction Services to national as well as international clients. We follow stringent international norms to offer best quality of services at the most reasonable price. Our broad spectrum of services is as follows :

## Civil Structural Construction

We undertake execution of Civil Structural Construction Works right from foundation stage to the completion stage, which includes erection of form-work, steelwork, concreting. The final stage of job execution includes finishing of the concrete surfaces after de-shuttering, laying and placing in position the infrastructure for electrical and plumbing network. Our work for Civil Structural Construction is as follows.

- Foundations
- Substructures
- Super structures
- Manpower for Finishing Works
- Granite/Marble fixing on façades, walls and floors
- Fixing of joinery works like doors windows, Parquet (Wooden) Flooring work.
- Painting, Tiling and Ornamental Work
- Dry Partitions, False Ceiling
- Interior, Wooden work

## Masonry works and Plaster

We undertake masonry works of all types such as fixing of solid/ hollow/ aerated cement concrete blocks including brick and stone masonry besides various types of plaster including decorative type with both manual<sup>1</sup> and mechanized techniques.

## Manpower for HVAC, Plumbing and Electrical Works

We provide highly experienced and competent workforce for HVAC work including Fixing and Installing air conditioning equipment. They can efficiently undertake electrical jobs both High and Low current.

## Manpower for Waterproofing and Insulation Works

Waterproofing and Insulation forms essential part of all the modern architectures. It controls the temperature directly, and affects the movement of moisture to and from the building spaces. We supply specialized and trained workforce for undertaking various kinds of Water Proofing and Insulation Work.

## Human Resource Deployment & Management

We deploy Human Resource for all infrastructure facilities e.g. operation of cranes, batching plant JCB, concrete pumps etc. We source best mechanical staff for running of workshops like electro mechanics, petrol / diesel mechanics etc. We also provide staff like foremen, timekeepers, storekeepers, land surveyors, programme planning engineer's skilled and semiskilled tradesmen etc.

Apart from deploying workforce for construction industry, we also deploy catering staff for expatriates like continental cooks with supporting staff for running a modern kitchen and arrange their passports, visas, immigration, mobilization, de-mobilization, lodging, boarding, medical and insurance etc.

## Liaisoning Job

We understand our customers need for time and help them with the following.

- Approvals
- Sanctions
- Procurement of electricity and water
- Land conversions
- BDA, BBMP, BMRDA or any other.
- Procuring of Katha
